

## About the Trust

The Trust is designed for investors seeking a regular monthly income stream. The Trust aims to provide investors with an attractive, tax effective income stream, paid via regular monthly distributions, as well as long-term capital growth.

The Trust invests in a diversified portfolio of high quality, financially sound Australian shares which we believe have sustainable operations and collectively offer a superior dividend yield (when taking into account franking credits) to the overall market. The Trust may also undertake a limited amount of call-writing to enhance income generation.

The Trust employs Perennial Value's proven, true-to-label, value-style investment process, which seeks out companies with sustainable operations and which are trading at attractive valuations. The process also places significant emphasis on capital preservation and balance sheet strength.

## About Perennial Partners

At Perennial Partners we always put investors' interests first. We believe in true alignment. Our business and investment partners are wholly owned by executives and we co-invest in our strategies alongside our clients and on the same terms. This means that we have true 'skin in the game', creating a powerful alignment of interests with our clients.

We believe the key to any investment team's success is independence, focus, stability and a stake in their own success. So we created a business model and culture that allows investment specialists to focus solely on what they do best – making investment decisions. Our highly experienced team of non-investment professionals takes care of everything else.
