

# Perennial Smaller Companies Sustainable Future Trust

## About the Trust

The Perennial Smaller Companies Sustainable Future Trust (Sustainable Future Trust or the Trust) is an actively managed portfolio of mainly smaller and mid-cap listed companies.

The Trust seeks to invest in companies that are contributing to a sustainable future. We seek to invest in sustainable themes such as renewable energy, low carbon technology, water management, environmental services, social welfare, health outcomes, and education outcomes. We also invest in companies that have an Environmental, Social, Governance and Engagement Score ("ESG&E Score") that is better than the benchmark.

The Trust does not invest in companies that to our knowledge receive any revenue from: tobacco or alcohol products, weapons or armaments, thermal coal, uranium, oil or gas, gambling, pornography, toxic pesticides, old growth forest logging or the live exportation of animals\*.

The investment process is based on our internally generated research in relation to environmental, social and corporate governance ("ESG") considerations, including an ESG&E scoring system.

The ESG&E score is a proprietary scoring system set up and run in-house by the Perennial sustainability team with input and insight from the sector analysts. Each company is given a score for Environment, Social and Governance performance as well as a score for company ESG engagement. Environment, Social and Governance are each weighted 20%, while Engagement has a 40% weighting. This provides a total score out of 10, which is then compared to the benchmark. Our Sustainable Future Trust must have an ESG&E Score that is better than the benchmark.

## Why Invest in the Sustainable Future Trust

### Strong research capabilities

- Fully resourced small cap team of 9
- Access to interesting IPO opportunities
- Extensive engagement with corporates on ESG risks and opportunities

### ESG Considerations

- Seek companies which are making a positive contribution to a Sustainable Future
- Invest in themes such as renewable energy, low carbon technology, water treatment, environmental services, social welfare, health outcomes, and education outcomes
- Internally developed ESG&E Score
- Zero revenue threshold for our exclusion list in tobacco, alcohol, weapons, thermal coal, oil & gas, gambling, pornography, toxic pesticides, old growth forest logging or live exportation of animals offshore\*

## Investment Process

## Sustainable Future Investments

Sustainable Future Investments are defined as companies that at the time of acquisition:

- Conduct businesses that are making a positive contribution to creating a sustainable future, defined as deriving more than 50% of their revenue from business operations that:
  - are generating renewable energy, improving energy efficiency or seeking to reduce greenhouse gas emissions; or
  - are involved in water treatment or remediation; or
  - are focused on providing environmental services or otherwise focused on environmental outcomes; or
  - contribute to social welfare outcomes; or
  - relate to health outcomes, including health products and health services; or
  - support education outcomes; or
  - have strong governance frameworks including a diverse and independent board; OR
- Have a Perennial-derived ESG&E Score that exceeds the ESG&E score of the benchmark index.

The Trust does not invest in companies that to our knowledge receive any revenue from:

- the manufacture, distribution or sale of tobacco or alcohol products;
- the manufacture, distribution or sale of weapons or armaments;
- extraction or sale of thermal coal, uranium, oil or gas (other than recycled oil);
- gambling or betting operations;
- the production, sale or distribution of pornography;
- the manufacture or distribution of toxic pesticides;
- old growth forest logging; or
- operations or transportation associated with the live exportation of animals offshore.
